According to the organizer there will be numerous people from the Rams organization who will be in attendance such as the general manager, possibly the head coach, and some past and present players. Also in attendance will be Councilman Bonin, possibly Assemblyman Autumn Burke, and potentially some name entertainers (will know more next week). Lt. Kreefft has volunteered her entire gang unit for the event and I have reached out to Sgt. Skinner to obtain four more beach officers. This will give us a total of 2 supervisors, 7 gangs, 4 beach, and 1 Slo.

Subject: RE: Bike Racks (OUT OF THE OFFICE)

I will be out of the Office from 08-31-16 to 10-03-16.

If you have an emergency please call 911 for non emergency or questions for LAPD call 877-ASK-LAPD.

The Senior Lead Supervisor is Sgt. Lowe, who can be reached at 310-482-6397, or email at 27614@lapd.lacity.org

Just a quick heads up, as Chair of the Venice NC Parking and Transportation Committee (PTC), I want to let you know we are going to be discussing shared bikes in our meeting on Tuesday night. Our agenda is posted at <https://na01.safelinks.protection.outlook.com/?url=http%3a%2f%2fwww.venicenc.org%2fwp-content%2fuploads%2f2013%2f07%2fAgenda9-6-2016rev1.pdf&data=01%7c01%7c25120%40lapd.lacity.org%7c4951011e7245497ab96508d3d4eb1512%7c642fd61c34d4fd0af8d443576485883%7c0&sdata=ltnnj5PW%2bkCvu5xoUpiHrnFk5OJV4xoO8leu6jAub4k%3d>.

At the very least, the PTC will be voting on a Motion to ask the City to provide all existing agreements and any future plans or related materials to bike programs within the region of the VNC's jurisdiction.

The meeting is open to the public in case you have interest and time to join us. Your input is valuable and very welcome.

Sincerely,

James Murez

Hi James,

Great, please let me know when the meeting is scheduled and I'll confirm my availability.

I'd be happy to elaborate on the site selection process when we meet or feel free to give me a call before then. There were many constraints in finding suitable sites and this would be much easier to discuss in person or over the phone.

Requests for additional Breeze stations can be made to Santa Monica's Bike Share Coordinator, Kyle Kozar, who is on this email chain.

We will of course solicit input from the community on any future potential stations, whether that be Breeze stations or other.

Thanks, I look forward to discussing further.

Thanks for the information. Yes, I would like to schedule a 15 minute presentation to PT, perhaps our next meeting (yet to be scheduled).

Last night while walking out of a meeting at Venice Blvd and Pacific, Officer Thusing and I were approached by a user of one of these bikes and asked where he could return the one he was riding. We both had no idea other than at Rose... I guess it might be nice to move the one from Park Ave which is only three or four blocks from the Rose location farther south, perhaps to Windward at Pacific in the parking lot. This seems like a much more central location and is directly across from our local hotel The Ewrin.

Also along these same lines, the two on Abbot Kinney are again to close together. It would make a lot more sense to move the location at AK and California north to the Bike Corral near AK and Westminster.

Let's keep in mind a bike rider can travel 10-15 or more blocks almost as easy as three or four. So while this program is new the spacing should be more about optimum locations.

How can I make these official requests?

I'm not speaking as the Chair of the PT committee but as an individual Stakeholder since this issue has not come before our committee yet.

Further thinking... these are the Santa Monica solution, and this is a private company who does business as such. Assuming Los Angeles will also soon allow these sorts of share programs and we want good distribution of the pick-up and drop-off points and not to give any one vendor an unfair advantage over another one, a community plan for where all of these locations will be located and how they operate should be shared with the community. We want to give feedback and be part of the process going forward.

Please feel free to give me a call if you have questions about the stations or the Breeze program.

Oh, yes, I think I recall that the meetings were going to be bimonthly. Whatever, count on me. I should be back in form by then and looking forward to seeing, greeting and meeting all of you. Have a wonderful two months.... And let's really serve the OFW. If you can't wait, I hope to be back on the Boardwalk in a week or two; usually set up around the Gingerbread Court, just south of Sunset. Stop by if you see me - I'm so political you couldn't miss me if you wanted to.

The Boardwak is an awesome development made possible by Venice and its wonderful community and needs to be protected and promoted in every way possible.

There are no plans to install additional Breeze bike share stations in Venice.

Please feel free to give me a call if you have questions about the stations or the Breeze program.

Thanks for the information. Yes, I would like to schedule a 15 minute presentation to PT, perhaps our next meeting (yet to be scheduled).

Last night while walking out of a meeting at Venice Blvd and Pacific, Officer Thusing and I were approached by a user of one of these bikes and asked where he could return the one he was riding. We both had no idea other than at Rose... I guess it might be nice to move the one from Park Ave which is only three or four blocks from the Rose location farther south, perhaps to Windward at Pacific in the parking lot. This seems like a much more central location and is directly across from our local hotel The Ewrin.

Also along these same lines, the two on Abbot Kinney are again to close together. It would make a lot more sense to move the location at AK and California north to the Bike Corral near AK and Westminster.

Let's keep in mind a bike rider can travel 10-15 or more blocks almost as easy as three or four. So while this program is new the spacing should be more about optimum locations.

How can I make these official requests?

I'm not speaking as the Chair of the PT committee but as an individual Stakeholder since this issue has not come before our committee yet.

Further thinking... these are the Santa Monica solution, and this is a private company who does business as such. Assuming Los Angeles will also soon allow these sorts of share programs and we want good distribution of the pick-up and drop-off points and not to give any one vendor an unfair advantage over another one, a community plan for where all of these locations will be located and how they operate should be shared with the community. We want to give feedback and be part of the process going forward.

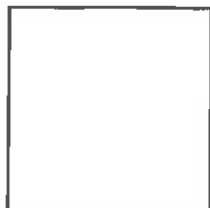

Sincerely,
James Murez

Hi James,

Installation of the five stations I included in my last email will be completed in the next couple weeks. I would be happy to give a presentation to the Parking and Transportation Committee to recap the process we went through and work done on these stations to date.

If there are issues with any of the three stations that have already been installed, you can either send those to me to pass along to Santa Monica's bike share coordinator or contact him directly. His name is Kyle Kozar and his email address is kyle.kozar@smgov.net

Jody Maroni's Sausage Kingdom's humble beginnings can be traced back to a BBQ grill on the Venice Beach Boardwalk, where Jody gained notoriety hawking his unusual sausage selections to passersby. Committed to quality, he made every sausage by hand, smoked them on site, and sold them to Venice locals and tourists alike.

It is here that Jody learned the art of sausage making, and developed a penchant for grilling, smoking, and all things meat. Citing Duck confit as his favorite, Jody also enjoys making Italian food and drinking Chateau Margaux.

Jody Maroni's Sausage Kingdom's humble beginnings can be traced back to a BBQ grill on the Venice Beach Boardwalk, where Jody gained notoriety hawking his

unusual sausage selections to passersby. Committed to quality, he made every sausage by hand, smoked them on site, and sold them to Venice locals and tourists alike.

Hi George - per your request, here is the pared back version of the 41.18 motion the the Homeless Committee is considering...

Whereas – LAMC 41.18(d) is in effect stating 'No person shall sit, lie or sleep in or upon any street, sidewalk or other public way', and;

Whereas - the Jones Settlement states 'The Los Angeles Police Department will issue a policy directive stating that it will not enforce Los Angeles Municipal Code ("LAMC") section 41.18(d) between the hours of 9:00 p.m. and 6:00 a.m.', – but does NOT in any way preclude the enforcement of LAMC section 41.18(d) between the hours of 6am and 9pm;

Therefore, the Venice Neighborhood Council calls upon Mayor Eric Garcetti, Councilman Mike Bonin, the Los Angeles City Council and Chief Charlie Beck to direct The Los Angeles Police Department to begin warning anyone sitting, lying, or sleeping upon any street, sidewalk or other public way between the hours of 6am and 9pm that they are in violation of LAMC 41.18(d) and;

In instances when an individual acting in violation of LAMC 41.18(d) refuses to leave the area, to cite the individual for violating LAMC 41.18(d) and if future violations occur, to secure a stay-away order to prevent that individual from continuing to violate the law.

Capt, Claudia,

Below is the text of a motion we will be considering at the next Homeless Committee meeting. In the interest of being good partners with you, we felt it was in order to share it as it reflects an overwhelming sentiment from the community

Matt Shaw, one of the cost chairs of our Safety Committee as well as one of the members of the Homeless Committee is also on this email. We would welcome a representative from the City Attorney at the meeting to explain and clarify policy questions on this and Jones.

Many thanks.

Hi George - per your request, here is the pared back version of the 41.18 motion the the Homeless Committee is considering...

Whereas – LAMC 41.18(d) is in effect stating 'No person shall sit, lie or sleep in or upon any street, sidewalk or other public way', and;

Whereas - the Jones Settlement states 'The Los Angeles Police Department will issue a policy directive stating that it will not enforce Los Angeles Municipal Code ("LAMC") section 41.18(d) between the hours of 9:00 p.m. and 6:00 a.m.', – but does NOT in any way preclude the enforcement of LAMC section 41.18(d) between the hours of 6am and 9pm;

Therefore, the Venice Neighborhood Council calls upon Mayor Eric Garcetti, Councilman Mike Bonin, the Los Angeles City Council and Chief Charlie Beck to direct The Los Angeles Police Department to begin warning anyone sitting, lying, or sleeping upon any street, sidewalk or other public way between the hours of 6am and 9pm that they are in violation of LAMC 41.18(d) and;

In instances when an individual acting in violation of LAMC 41.18(d) refuses to leave the area, to cite the individual for violating LAMC 41.18(d) and if future violations occur, to secure a stay-away order to prevent that individual from continuing to violate the law.

Debbie, Taylor -

I just got some disturbing news from Alok Chanani. If you are not familiar with Alok, he is the owner of Wild Poke on Westminster Ave across the the Waldorf (on the south side of the street). Wild Poke is a new endeavor for the Boardwalk, it is a moderate priced, healthy meal and they are engaged and civic minded merchants. Recently, Alok put out two small portable benches for customer use during business hours. He removes these at the end of the business day and stores them inside his shop.

Earlier today, LAPD told him he would no longer be allowed to provide this seating amenity during business hours for his customers due to repeated complaints from one of the unhoused citizens who have decided OFW is their domain. This citizen's contention is that the seating amenity restricts his right to leave his belongings in front of Alok's business.

With all the lies, negative rhetoric and public promotion of ways to prevent a BID from happening in Venice, I see this as nothing more than a very transparent salvo to specifically attack NEW hard working and honest businessman, and generally to attack business in Venice.

Seeing as there is a door and serving window in front of Alok's street frontage and all along this area, I cannot see how Jones or Lavan would be in force here. However, I would defer to a deeper policy rendering.

I would suggest that we consider how to continue to enhance this area of Venice, and to promote businesses like Wild Poke; which is affordable and provides an incredibly positive element to the community.

If there is a legal glitch here regarding seating for customers, perhaps there is an avenue through Street Service to provide a permit to allow such; something the Council office could help with?

Perhaps, since we have found ourselves embroiled with a large segment of the community demanding more stricter enforcement of 4118d during non-prohibited hours, this positive aspect could be allowed under police discretion as well?

I welcome your help.

IN a sort time, Alok Chanani has helped revitalized Westminster through his efforts, he is proud veteran of the United States Army who served this country with distinction, and he is an engaged and committed member of the business community who has a sense of civic pride. In short, he is the type of person we want and need operating a business in Venice.

I urge you all to help find a solution to this full frontal assault on positive energy and commerce in Venice.

Many thanks

Just circling back re: National Night Out

As we wrap up this year's National Night Out wanted to do a couple of things:

1. Should we schedule a short debrief meeting to capture lessons learned and hopes for next year?
2. Make sure we thank everyone that contributed.
3. Keep track and share that contact information with others as appropriate.
4. If a contact is special and should only be contacted by a particular person let's note that but still share basic info.
5. Pacific Boosters is a 501c3 so can provide tax deduction letters to all donors. Diane Barrett (sbpress7@aol.com) is copied and I believe Warren is now attending Pacific Boosters meetings.
6. There are several annual LAPD events that can use support besides National Night Out.
 - a. National Night – August
 - b. Station Open House/Pancake Breakfast – Sept/Oct?
 - c. Chris Williams memorial Thanksgiving Officer Appreciation Dinner (feed 150+ officers and civilians) – wed before Thanksgiving. (local citizens and restaurants, businesses donate goods and food)
 - d. Santa Sleigh Stops – Community Outreach – early/mid Dec
 - e. Winter Wonderland Toy Give Away – Mid Dec – large event attracts several
 - f. Pacific Boosters Golf Tournament (cancelled this past yr.) – helps fund Pacific Cadets – youth development program and station "beautification" fund.
 - g. Maybe other standing events that should be on this list too...
7. I've asked the organizers of the Thanksgiving Appreciation Dinner to begin to maintain a comprehensive contact sheet so LAPD and affiliates know who's been asked and contributed so we don't step on each other's toes and can be strategic about how we use and ask for community support.
8. Make 2017 National Night Out the standard bearer for future NNO's as it moves around to different communities with in Pacific.
9. Listed below is a contact for potential support that I wasn't able to follow up with this year so bring him and his company to our attention for future use.

Hi Rob....

I just saw the nice email you sent out with all the current news and happenings.

Thought I'd get back to you about the Venice Chamber Expo. Got some little bits and bites but one that I wanted to let you know about now.

Carl Lambert is the President of the Venice Chamber. His business is Lambert Investments and one of his properties is Venice Breeze Suites. His table was next to mine and he said he was open to help in any way he could. He knew Capt Johnson pretty well and is happy to be available for us. I gave him your flyer and pointed out your name for him to call regarding National Night Out. His info is 310-663-6030 and carl@lambertinc.com.

You might try him for sponsoring the dog walking? You have a direct line to Carl as I learned that night that George is Vice President of the Venice Chamber. Slowly I learn who everyone is.

See you next week .. is it the 15th?
